Mending Souls Baby Bibs

More Pictures and Information at www.LoveMendingSouls.org

Need (2) of 14"x11" 100% cotton flannel, Plastic snaps* or Velcro If you need labels and snaps please come to headquarters and we'll help you finish!

TODDLER BIB: Fold flannel at the 'Fold', cut double-layer of template for a Front and Back. Right Sides Together stitch along outer using 3/8" seam, leave approx. 3" TURN OUT opening along side or bottom. Turn right side out, insert MS label, stitch closed. Iron and top stitch around with straight stitch or decorative stitch (see example heart stitch along bottom!) Push through fabric (1) plastic snap Thumbtack, 1" from the top edge, see symbol. Attach a Female snap to other side of fabric and press. Overlap fabric for placement, repeat with Thumbtack on other side + male snap. Test to ensure male and females will go together before pressing with fastener tool.

Leave 3" open to TURN OUT

Newborn Bib on Page 2

*Plastic Snaps: Each bib needs (2) smooth THUMBTACKS for thumbs to push through the fabric, then pressed into (1) <u>FEMALE</u> snap on other side of fabric. Repeat for (1) MALE snap.

7400 N. Oracle Ste 150-450, Tucson AZ 85704 www.LoveMendingSouls.org LoveMendingSouls@Gmail.com

v.052821

Velcro over time loses it's attachment capability.
Plastic snaps like Kam snaps last a long time.

Leave 2" open to TURN OUT

Newborn/Premie Bib: Need 10"x11" 100% Cotton Flannel, Plastic Snaps or Velcro

Fold flannel at the 'Fold', cut double-layer of template for a Front and Back. Right Sides Together stitch along outer using 3/8" seam, leave approx. 2" TURN OUT opening along side or bottom. Turn right side out, insert MS label, stitch closed. Iron and top stitch around with straight stitch or a decorative stitch (see example heart stitch along bottom!) Push through fabric (1) plastic snap Thumbtack, 1" from the top edge, see symbol. Attach a female snap to other side of fabric and press. Overlap fabric for placement, repeat with Thumbtack on other side + male snap. Test to ensure male and females will go together before pressing with fastener tool.
